

PRESS RELEASE

NOGGIN FEST 2018

FRIDAY, 19 OCT 2018 & SATURDAY, 20 OCT 2018
FOR IMMEDIATE RELEASE

NW NOGGIN ANNOUNCES 2ND ANNUAL NOGGIN FESTIVAL

The largest collaborative art, music, and science event in the Northwest

PORTLAND, OREGON – Join us for the second annual Noggin Festival. Noggin Festival is a mega-event combining everything NW Noggin represents into one incredible night. It is a way for NW Noggin to highlight their work; bring researchers, graduate students, local artists, and local musicians together; and get directly involved with the community.

NW Noggin: Neuroscience Outreach Group (Growing In Networks) is a robust, creative, and largely volunteer-driven nonprofit organization (EIN: 81-3885713) that brings scientists, artists, and students of all ages together to share their expertise, enthuse young people about science and art, share area educational resources, and inform and excite the public about ongoing, taxpayer-supported neuroscience research. Learn more about NW Noggin on their website: www.nwnoggin.org.

The second annual Noggin Festival will take place on October 19-20, 2018 Watershed PDX and will include live music, art workshops, real brains, live EEG scans, raffles, auctions, speakers, beer, and tons of enthusiasm. This event is all ages. We cannot wait to see you there!
