

NEUROSCIENCE CLUB PRESENTS

# RESEARCH IN REVIEW

Fun, casual, skeptical research discussion series

In *Research in Review*, we directly engage the community through reading public journals on neuroscience related topics and discussing their relevance to everyday life.

Check out our fall term discussions!  
All discussions begin at 6:30 pm:

**-Thursday October 10th in SMSU 258**

Neurodevelopmental Disorders

**-Thursday November 7th in FMH 234**

Guest Speaker **Marissa Kellogg** on Clinical Neurology Cases

**-Thursday November 21st in SMSU 294**

Guest Speaker **Beth Habecker** on Cardiac Nerve Regeneration
